

FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

This Class B digital apparatus complies with Canadian ICES-005.
Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

FCC and IC Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

la distance entre l'utilisation et l'appareil ne doit pas être inférieure à 20 cm.

Lyra Basic Floor Lamp

Safety Instructions

Read and follow all safety instructions in this manual.

- This lamp is not waterproof. Avoid exposing it to splashing or dripping water.
- Operating temperature should be within -10° to 40°C (14° to 104°F).
- This lamp's internal light source cannot be replaced. If it breaks, you must replace the entire lamp.
- Do not allow children to assemble the lamp by themselves.
- Avoid placing the lamp near heat sources.
- Avoid placing the lamp near potentially dangerous sources (e.g., candles, liquid-filled objects, etc.).

Introduction

Thanks for choosing the Govee floor lamp. This floor lamp creates a soft, cozy atmosphere in your home with its wide range of choices from 16M kinds of color. You can also select from different scene modes from the Govee Home app to achieve a unique addition to your space. When the music mode is enabled, you can immerse the joy while seeing the glorious lighting dance with the singing tune. The connection with Alexa or Google Home can bring your smart home life to another level by voice-control the lighting.

Colors	RGB and Warm White
Color Temperature	2200K
Control Method	Control Box, App Control, Voice Control
Working Temperature	-10° to 40°C /14° to 104°F

Troubleshooting

1. Cannot connect to the Govee Home app.
 - a. Check if the lamp is powered on.
 - b. Check if Bluetooth on the smartphone is enabled, or try connecting with another smartphone.
 - c. When connecting for the first time, ensure the smartphone is near the lamp.
 - d. If the connection error still exists, please delete the connected device from "My Device" on the app. Reconnect to the Govee Home app by following the instructions provided previously.
2. Wi-Fi disconnects or fails to connect.
 - a. Check that the lamp is powered on.
 - b. Do not skip the Wi-Fi connection steps during the device pairing process.
 - c. Ensure your Wi-Fi router is 2.4GHz (5GHz is not supported).
 - d. Ensure you have entered the correct Wi-Fi password during the Wi-Fi setup process.
 - e. Try using another smartphone to pair with the lamp to ensure your network is working properly.
 - f. Shorten the distance between the lamp and the Wi-Fi router to less than 50 inches, then reconnect.
3. Cannot connect to Alexa or Google Assistant.
 - a. Ensure the Wi-Fi connection is stable and working properly.
 - b. Go to "User Guide" in the app settings page to pair the lamp again.
4. Can multiple users control one lamp?
 - a. Each lamp can only be controlled by one account.
 - b. If multiple users want to manage the same lamp, ensure they all use the same account.
